

YOUR HELP MAKES THE DIFFERENCE

The Youth Fee Assistance Program is partially subsidized by donations and grants. One hundred percent of the funds are used to assist youth who are eligible. The City of Dublin is a municipal corporation and donations made to the Youth Fee Assistance program are considered “charitable contributions” by the Internal Revenue Service (IRS).

Your donation can make a meaningful difference in the lives of our youth as well as the quality of our community.

Please contact us today. Staff will be glad to provide you with more information about our programs.

Thank you for your support.

MISSION

The City of Dublin promotes and supports a high quality of life, ensures a safe and secure environment, and fosters new opportunities.

PURPOSE

The Youth Fee Assistance Program promotes access to City recreation services for youth, regardless of economic ability.

This program provides eligible Dublin youth financial assistance to participate in City sponsored recreation programs. Although

programs and activities sponsored by the Parks and Community Services Department are often considered inexpensive when

compared to private entities, the cost may still prohibit some residents from participating.

The Program allows these children to have

recreation programs provide children with safe outlets for creativity, socialization, play, exercise and learning.

whose household income level meets specific requirements. The Housing and Urban Development income limits in Alameda County for income qualified households and below will determine eligibility.

quality recreational experiences that may not be possible without assistance.
